Every new member to our Federation is considered a valuable partner in the worldwide struggle for the promotion of control programmes for thalassaemia. Every new member adds up to the strengthening of the 'Patients/parents' voice', locally, nationally, regionally and internationally for further accessibility to appropriate quality treatment.

* **Educational programme:** the organisation of events – e.g. delegation visits, workshops, seminars and conferences at local, regional, national and international level.

** **Educational material:** material produced by TIF in the form of books, leaflets, magazines and posters.
